RESPONSE TO OFFICE ACTION

Dear Sir:

In response to the Office Action dated 10/23/2002, Applicant submits the following amendments and remarks.

## **AMENDMENTS**

## IN THE CLAIMS:

Please amend claim 1 as follows:

- Claim 1 has been amended as follows: 10
  - 1. (Thrice Amended) A packaging structure of an image sensor, comprising:

a substrate including a plurality of straight metal sheets directly penetrating through the substrate, glue for sealing the metal sheets after the metal sheets are formed, a first surface having a periphery, and a second surface opposite to the first surface, the metal sheets being exposed to the outside via the first surface and the second surface to form first contacts and second contacts, respectively, wherein the glue surrounds the plurality of straight metal sheets;

a projecting edge provided on the periphery of the first surface of the substrate to form a concavity above the substrate, the projecting edge being arranged on the glue;

an image sensing chip mounted on the glue of the substrate and within the
